## Who are the Friends?

A registered social enterprise established for public benefit to

- secure the preservation, protection and improvement of the historic defences and city walls of Derry Londonderry.
- educate the public in the history, natural history and architecture of these historic features of public interest.

Our Vision is of the Derry Walls being celebrated as a monument of local, national and international significance, and being part of Derry/Londonderry's historical and future narratives. Our Mission is to be the voice of the Walls, raising ambitions for their care and presentation, driving public engagement with the Walls and ensuring that the Walls are fully exploited as a resource for educational, cultural and economic development.

## What will the Friends do?

The Friends will undertake activities, falling outside the responsibility of existing agencies or which are better delivered by a charitable company:

- promoting local awareness of the significance of the Derry Walls through researching, producing and disseminating educational and interpretative materials and by organising educational and training events about the heritage and conservation of the Walls.
- influencing the management, conservation and presentation of the Derry Walls through sponsoring and undertaking archaeological, historical and research, enabling and supporting volunteers; and supporting local and regional government agencies in designing & securing funding for capital projects for the Derry Walls.
- promoting international awareness of the significance of the Derry Walls and sharing best practice in conservation and interpretation of similar historic monuments through participating in national and international Walled Towns and Fortification networks.
